Learn English in Bath

... where learning comes naturally

Bath

The best place to study...

Vibrant, inspiring, stunningly beautiful and safe - you could not pick a better place to study English than Bath.

It is known for its honey-coloured Georgian crescents, cobbled streets, outdoor cafes and bustling bars, and is seen by many as the most beautiful, vibrant city in England. It is a wonderful place to experience British culture outside of London and the larger cities.

It's the perfect place to learn and be inspired: the city has a large international student population, with two universities, and there's always something happening for young people.

UNESCO has designated Bath as a World Heritage Site, it is home to the only hot thermal springs in England and you can still visit the Roman Baths and even try the waters yourself at the Thermae Bath Spa. Nearby you'll find Stonehenge, Glastonbury and Bristol, and London is just 90 minutes away by train.

"I had a great time here in Bath, it is a beautiful city and I will miss everyone at Languages United! Thank you for a great experience!"
Celia
